## INDEX

### A

- Abstract of measurements of Gamma-Ray energies with the Beta-Ray spectrometer and Corrections for the resolutions and radiator foil in the Beta-Ray spectrometer, E. N. Jensen, L. Jackson Laslet and William W. Pratt, 347
- A fish population study of an artificial lake, E. B. Speaker, 437
- Aikman, J. M., The Academy conservation program, 49
- Aikman, John M. and Charles L. Gilly, A comparison of the forest floras along the Des Moines and Missouri Rivers, 63
- A list of Iowa Ostracods with descriptions of three new species, William Danforth, 351
- A list of leafcutting bees (family *Megachildae*, *Hymenoptera*) known to occur in Iowa, H. E. Jacques 389
- A measure of retroactive inhibition in motor learning, A. H. Shephard, 333
- Anderson, W. A., Herbarium notes, 75
- An epitomized compilation of a bird census now in progress in the area of Mt. Pleasant, Iowa, Archie Euwer, 361
- An experimental study of repression, D. J. Doland and Charles F. Haner, 309
- An extension of a volumetric method for aluminum to the determination of milligram quantities, Walter N. Trump and Lothrop Smith, 277
- An investigation of learning in a T-maze with relevant drives satisfied, Irving Maltzman, 329
- A preliminary report on biosystematic studies of Iowa smartweeds (*Polygonum* spp.) Carl C. Blickenstaff and Charles L. Gilly, 83
- A preliminary study of the Liverworts of Henry County, Iowa, S. S. Statler, 213
- A quarterly standard mineral analysis of the waters of four Iowa lakes in the Ruthven area, Ada Hayden, 171
- A report of the reptiles collected by J. M. Shaffer from the Keokuk area, 863-1895, John D. Goodman, 365
- A report of wing hooks on the abdomen of Mullein Thrips, James Wick, 445
- A short-form test of cynicism, Martin F. Fritz, 319
- A symbiotic blepharisma, Leland P. Johnson, 391
- A tropical ant temporarily established in Iowa, Robert L. King, 395
